Retained earnings	<u>148,212</u>
Total stockholder's equity	<u>349,837</u>
Total liabilities and stockholder's equity	<u>\$ 364,081</u>

The accompanying notes are an integral part of this financial statement.

1. General

Peter R. Mack & Co., Inc. (the "Company") is a registered broker-dealer and is subject to regulation by the Securities and Exchange Commission ("SEC") and the Financial Industry Regulation Authority ("FINRA").

The Company operates principally under a clearance agreement with another broker, whereby such broker assumes and maintains the Company's customer accounts. The Company is responsible for payment of certain customer accounts (unsecured debits) as defined in the agreement.

2. Summary of Significant Accounting Policies

Securities Owned

Securities owned are carried at quoted market values, and the resulting difference between cost and market is included in income.

Furniture, Equipment and Leasehold Improvements

Furniture, equipment and leasehold improvements are stated at cost less accumulated depreciation. Depreciation is computed using accelerated methods over the estimated useful lives of the related assets, ranging from five to seven years. Leasehold improvements are amortized over the shorter of the asset life or the lease life.

Income Taxes

The Company has elected to be treated as an S Corporation under the provisions of the Internal Revenue Code. Accordingly, the Company itself is not subject to Federal income tax. The stockholder is required to report separately his distributive share of the Company's income or loss to Federal and state tax authorities. In addition, the Company has elected S Corporation status for New York State tax purposes, and, accordingly, the Company pays New York State income tax at the minimum rate. New York City, however, does not recognize S Corporation status, and the Company is, therefore, taxed at regular corporation tax rates.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

3. Securities Owned

Marketable securities consists of the following at market value:

Money Market	\$ 64,569
Other Securities	<u>\$ 27,520</u>
	<u>\$ 92,089</u>

4. Receivable from Broker-Dealer

Receivable from broker-dealer is a result of the Company's normal securities transactions.

5. Loans Receivable, Stockholder

The Company has made advances to its sole shareholder/officer totaling \$75,491. The advances are non-interest bearing and due on demand.

6. Lease

During 2007, the Company signed a new lease agreement, expiring February 2009, for its office space for an additional year. The Company intends to renew the lease agreement for an additional year.

Future annual minimum rental payments are as follows:

<u>Year Ended</u> <u>December 31,</u>	<u>Amount</u>
2008	\$ 78,000
2009 (2 months)	<u>\$ 13,000</u>
	<u>\$ 91,000</u>

7. Clearing Agreement

The Company has entered into an agreement with another broker (clearing broker) to execute and clear, on a fully disclosed basis, customer accounts of the Company. As part of the agreement, the clearing broker executes orders, settles contracts and transactions in securities, and engages in all cashiering functions, including the receipt, delivery, and transfer of securities purchased, sold, borrowed or loaned and the receipt and distribution of interest and principal payments. The Company is required to maintain balances of not less than \$50,000 with the clearing broker.

8. Net Capital Requirements

The Company is subject to the uniform net capital requirements of rule 15c3-1 of the Securities and Exchange Commission which requires a broker-dealer to have at all times sufficient liquid assets to cover current indebtedness. In accordance with the rule, the Company is required to maintain minimum net capital of the greater of \$5,000 or 1/15 of aggregate indebtedness. At no time may the ratio of aggregate indebtedness to net capital exceed 15 to 1.

At December 31, 2007, the Company had net capital, as defined, of \$255,693, which exceeded its required minimum net capital of \$5,000 by \$250,693. Aggregate indebtedness at December 31, 2007 was \$14,244. The ratio of aggregate indebtedness to net capital was .06 to 1.

9. Off-Balance-Sheet Risk and Concentration of Credit Risk

The Company, as an introducing broker, clears all transactions with and for customers on a fully disclosed basis with a clearing broker and promptly transmits all customer funds and securities to the clearing broker who carries all of the accounts of such customers. These activities may expose the Company to off-balance-sheet risk in the event that the customer and/or clearing broker is unable to fulfill its obligations.

The Company does not maintain margin accounts for its customers; and, therefore, there were no excess margin securities.

The Company seeks to control off-balance-sheet risk by monitoring the market value of securities held in compliance with regulatory and internal guidelines.

The Company transacts its business with customers located throughout the United States.

The Company's Statement of Financial Condition as of December 31, 2007 is available for examination at the office of the Company and at the Regional Office of the Securities and Exchange Commission.

Independent Auditor's Report

To the Members
Peter R. Mack & Co., Inc.

We have audited the accompanying statement of financial condition of Peter R. Mack & Co., Inc. (the "Company") as of December 31, 2007, that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of Peter R. Mack & Co., Inc. as of December 31, 2007, in conformity with accounting principles generally accepted in the United States of America.
